ABOUT CII YI YUVA CLUB

CII Yi Yuva Club of the University is a dynamic platform that embodies the spirit of youth empowerment and leadership. Established under the aegis of the **Confederation of Indian Industry (CII)**, **Yi (Young Indians)** is a movement that believes youth are the strongest vehicle for India's present and future development. Its youth wing, **Yi Yuva**, serves as a transformative initiative that engages college students across the nation in activities that hone leadership, build skills, and foster a spirit of responsibility and nation-building.

The Yi Yuva vertical empowers students to conceptualize, plan, and execute projects that contribute meaningfully to both personal development and community upliftment. Through numerous leadership projects and initiatives, Yi shapes today's young minds into tomorrow's change-makers and influencers. The core objectives of Yi Yuva include enabling youth leadership, providing skill development and training, shaping responsible youth, and giving voice to Young India.

With over **6,250 direct members across 66 city chapters** and an **indirect reach of more than 2,10,000 students** through its Yuva network, Yi is a vital part of India's growth narrative. It aims *"to become the Voice of Young Indians globally,"* connecting youth across the world to India's development story.

The **Yi Jaipur Chapter** marked a significant milestone by launching its first Yi Student Net at the **IIS (Deemed to be University)** on **19th September 2013**. This collaborative initiative was formalized through a Memorandum of Understanding (MoU) signed by **Mr. Rohit Verma**, Chair of Yi Jaipur Chapter, and **Dr. Ashok Gupta**, Vice Chancellor of the University. Since then, the IIS Yuva Club has actively engaged in impactful projects focused on leadership, skill building, community service, and national development—creating a legacy of inspired and empowered youth.
