## THE PARA SPORTS MEET

The National Sports Day was celebrated at The IIS University on 29th August 2017, as a tribute to the ace hockey player, superb goal scorer and a winner of three Olympic gold medals, Dhyan Chand Singh. A Para Sports Meet is held on the occasion every year, with the objective to invigorate the disabled children of various organisations. Children from myriad communities working towards the cause of 'specially-abled' ones from Umang, Disha, Milestone, Nirmal Vivek and Sweekar, enthusiastically participated in the games held on the occasion. Dr. Ashok Gupta, Vice-Chancellor, boosted their morale by presenting gold medals to all the achievers. Children also explored the hues of a colourful life experimenting the fun and frolic on sheets of paper. Dr. Raakhi Gupta clearly spelt the alpha and omega of the occasion and shared also the synergistic delightful moments. The programme culminated with a valedictory note by Dr. Sharad Rathore.

## READER'S CLUB ACTIVITY

The English Department of the IIS University organized a Reader's Club Activity on 4 August 2017 at the Academic hall located at Block A. The engaging discussion applied a keen eye to the topic 'Evolution of Masculinity and Queers in Indian Cinema'. The affable faculty members encouraged the diffident but enthusiastic students to open up and express their views on how the typical hero who could not express his emotions has become more expressive and groomed. There are instances where the movies still portray the stereotypes. The depiction of queers and the use of this term for the LGBT community were discussed at length during the session. The students asserted that we have moved from a comical portrayal to a more sensitized and realistic version. It was a creative exercise where the students expressed their ideas and benefitted from the discussion.

## DANCE WORKSHOP

*Nrityanjali*

An astounding dance workshop in contemporary form was organized at the IIS University on 7-8 Sept. 2017, which elegantly combined the elements of modern, jazz, lyrical and classical ballet. About 30 ballerinas of the IIS University strove therein to connect the mind and body through fluid dance moves under the graceful and admirable supervision of Mr. Shubham Sharma of 'Yo Yo Dance Team', who also serves as a faculty at Big Dance Centre, New Delhi. The workshop would be a prelude to the dance camp, 'CAMP RJ14', which is scheduled to be held from 13th September till 15th September, 2017 at Heiwa Heaven Resorts, Jaipur.

# Combating Biodiversity Loss : TARGETING 2050

An engaging guest lecture was organized by the Dept. of Botany, the IIS University for undergraduate and postgraduate students on 29 August 2017. The resource person for the literary event Dr. Soumna Datta, Associate Professor & Head, University Maharani College, Jaipur. Dr. Datta focused on various threats to biodiversity and ascertained the measures to prevent the fast extinction of Biodiversity, adhering to the title of the session 'Combating Biodiversity Loss : Targeting 2050'. The students were made aware of various steps taken by the government towards the prevention of the loss.

## A Visit to Omega Electronics Workshop

A Visit to Omega Electronics Workshop, Malviya Industrial Area, Jaipur was organized on 30th August, 2017 by the Department of Physics, The IIS University, Jaipur. About 40 inquisitive scholars of M.Sc. Physics Sem. III along with the faculty members attended the workshop and tried the hands on experience about the construction and working of various electronic devices. The enriching experience of the manufacture-uring of the Printed Circuit Board (PCB) employed in kits to perform the experiments in the lab to the finished product stage inspired the ingenious researchers.

# A One-Day Symposium on 'REGULATION AND MANAGEMENT OF EXPERIMENTAL ANIMAL MODELS'

**A** One day symposium was organized by the Department of Zoology on 2 September 2017 to sensitize the students, research scholars and faculty members about the legal frame work of the country and its sanctity, regulatory bodies basic components of animal house, record keeping of the experimental animal models. The resource person Dr. Vikas Galav emphasized the importance of animal welfare emphasizing on the 3 R's - Replacement, Reduction & Refinement and the 4th R- which is the responsibility of the researchers to pursue research in a well defined way causing less exploitation of animals further highlighting the topic "Designing and Critical Components of Animal House". Dr. Ganesh Sharma focused more on drug treatments like analgesics and Dr. Alka Galav shared her views on insights into animal research proposals: form B'.

## A Visit to Jantar-Mantar

The students of M.Sc.PHY (Sem. I) visited Jantar-Mantar located in the wall city area of the Pink City on 24 August 2017 so as to explore the great history of that place and also evidence the astronomical values of the place. The highly advanced technologies in form of the yantras like The Samrat Yantra, Jai Parkash Yantra, Rama Yantra, The Mishra Yantra, Dhruva Yantra, Narivalaya Yantra employed to record and compile all the astronomical data and further predictions of time related to the study of movement of sun, moon, and other planetary bodies in such an ancient monument built by the Jaipur's Maharaja Jai Singh left the youths reevaluating their prosperous past.
