No. of Participants: 40

Objective of the workshop/seminar/activity: To create awareness about the equal opportunity cell among students with the help of a film followed by an interactive session.

Description (max 500 words):

The Equal Opportunity Cell of the IIS (deemed to be University) organised a Film Viewing Session on Saturday, November 19th at AV Hall.

The film 'Super 30' was showcased to the students to make them aware of the importance of the need for equity in the country especially equity in education. Super 30 deals with how underprivileged students face biases in the real world and how they deal with them with proper guidance and overcome all the hurdles to attain education which can transform their lives. Education is the only way to end poverty from society. The movie is based on the real story of the life of Anand, a teacher who trained underprivileged students to crack IIT without charging any fee.

After the movie screening, Dr. Princy Thomas, a member of the EOC interacted with the students. She discussed with the students about their opinions and how they feel about the inequities prevailing in society. Later she briefed them about the functioning of the Equal Opportunity Cell and the way the cell works towards removing these inequities. She also highlighted the importance of the cell and the availability of equal opportunity

for everyone to grow and realise their optimum potential. Around 40 students participated in the event.

Outcome of the activity/event/seminar/workshop: Attach (as separate)

The students of the university were were acquainted with the functioning and important of Equal Opportunity Cell of the IIS (deemed to be University) and the importance of equity and inclusiveness in education.
