NOTICE

The University is planning to offer and include online courses available on the SWAYAM Platform in its curriculum framework in accordance with the UGC (Credit Framework for Online Learning Courses through SWAYAM) Regulations 2016, allowing transfer of credits ([https://www.ugc.ac.in/pdf/news/3096053_1st-Amendment-UGC-\(Credit-Framework-for-Online-Learning-Courses-through-SWAYAM\)-Regulation,-2016.pdf](https://www.ugc.ac.in/pdf/news/3096053_1st-Amendment-UGC-(Credit-Framework-for-Online-Learning-Courses-through-SWAYAM)-Regulation,-2016.pdf)).

As a step towards this, IISU has taken the following initiatives:

- Becoming a Remote Centre of IIT Mumbai for its outreach programmes
- Becoming a Local Chapter of NPTEL.

For details regarding NPTEL, please visit the websites <https://npTEL.ac.in/LocalChapter/> & <https://npTEL.ac.in/> regularly to get to know all announcements, especially the courses/ FDPs/ Workshops etc.

Besides this, please register yourself on SWAYAM Portal and browse the website <https://swayam.gov.in/> regularly for information related to courses being announced by SWAYAM.

Tentative broad guidelines have been framed to ensure smooth implementation of Online Learning Courses into IISU Credit Framework. A discussion session is planned on the 12 June 2019 at 11.30 am, with the Deans/ HODs to finalize the nitty-gritty of implementation.

Please go through the guidelines and browse the websites before meeting so that you are able to give input and help in fine-tuning the guidelines of Implementation.

INTRODUCTION

In present situation when many of our students, research scholars and faculty members are unable to do their thesis work or write a research paper as most of them do not have access to statistical software at home Excel can be one of the most useful solutions for analyzing data. Excel in itself can do so much in research. Advanced Microsoft Excel skills can help academicians, research scholars and students in data analysis without using any expensive statistical software. The training programme will be beneficial for all who wants to learn essentials of data analysis in Excel and apply them in their research work or paper writing.

OBJECTIVES

- To use MS Excel to conduct data analysis.
- To identify right statistical tool for conducting data analysis.
- To enhance the analytical skills using MS Excel to promote quality research.

ABOUT THE UNIVERSITY

IIS (Deemed to be University), Jaipur is among the pioneers in Rajasthan in imparting high quality education to women in different streams. It is known for excellence in delivering value-based education to students and encourages them to think innovatively in different walks of life. It particularly focuses on preparing students to become world ready citizens, who are abreast to take any professional and social challenges with an educated and empowered mind.

About Centre for Research, Innovation and Training (CRIT)

Research, Innovation and Training are an integral part of the development of an institution of higher education. The quality of research and development being pursued and promoted at such institutions is indicative of their commitment to quality, and for ensuring significant research outcomes. For this purpose, the University has established the Centre for Research, Innovation and Training (CRIT) with an aim to giving impetus to research by way of workshops, seminars and conferences to train and encourage students as well as faculty members to take up research-based activities. The Centre endeavours to do so by facilitating and monitoring research-based initiatives by organizing periodic trainings workshops and courses in new and emerging research areas. In sum, CRIT attempts to identify and tap inter and multi disciplinary research prospects for fostering a robust learning environment

ABOUT WORKSHOP

This workshop has been planned in order to address the challenges and opportunities in the field of quantitative research with the help of statistical software. This Six day workshop is for the research scholars and beginners with little or no experience in handling data with the help of SPSS & EViews .

SPSS & EViews enables researcher to apply wide range of statistical /graphical and analytical techniques for data analysis. The workshop aims at making the participants acquainted with the SPSS & Eviews interface followed by the training on advanced statistical methods.

ABOUT JAIPUR

Jaipur, the pink city of Rajasthan is famous for its unique architecture, vastu, astrology, forts, monuments, palaces, art and crafts, culture and food. Here tradition, antiquity and the old charm of the bygone era mingle seamlessly with modernity and technology. This fascinating city with its romantic charm of history and a touch of modernity is sure to mesmerize you. The old city 'North Jaipur' has been recently declared as 'the heritage city' by the UNESCO and the Amber Fort and City Palace are on choice of every tourist visiting Jaipur.

ABOUT THE UNIVERSITY

IIS (Deemed to be University), Jaipur is among the pioneers in the State of Rajasthan in imparting high quality education to women in different streams. It is known for excellence in delivering value-based education to students and encourages them to think innovatively in different walks of life. It particularly focuses on preparing students to become world ready citizens, who are abreast to take any professional and social challenges with an educated and empowered mind.

About Centre for Research, Innovation and Training (CRIT)

Research, Innovation and Training are an integral part of the development of an institution of higher education. The quality of research and development being pursued and promoted at such institutions is indicative of their commitment to quality, and for ensuring significant research outcomes. For this purpose, the University has established the Centre for Research, Innovation and Training (CRIT) in the year 2013 with an aim to giving impetus to research by way of workshops, seminars and conferences to train and encourage students as well as faculty members to take up research-based activities. The Centre endeavours to do so by facilitating and monitoring research-based initiatives by organizing periodic trainings in new and emerging research areas. In sum, CRIT attempts to identify and tap inter and multi disciplinary research prospects for fostering a robust learning environment on campus.

ABOUT WORKSHOP

G Suite is a cloud based suite of software products developed by Google. It was launched on August 28, 2006 as "Google Apps for Your Domain". G Suite comprises Gmail, Hangouts, Calendar, and Google+ for communication, Drive for storage, Docs, Sheets, Slides, Forms and Sites for collaboration and depending on the plan, an Admin panel and Vault for managing users and the services. It also includes the digital interactive whiteboard, Jamboard and the app development platform App Maker. "G-Suite Apps for Education" consist of messaging, collaboration and classroom apps with Google powered search and critical security features, specifically designed to keep the data safe and secure. Considering the growing importance of online data sharing and collaborative working using G Suite, this workshop is very crucial for the faculty and research scholars of all discipline. The Google G-Suite workshop will equip students, research scholar, academics and professionals with the functionalities and automation capabilities of Google's Cloud Office Suite. It will give them an opportunity to acquire the required skills to handle and share their information that can be accessed from secured centralized platform via Google Drive. Workshop will also provide training in creating Google documents and files, spreadsheets, presentations and online forms with a structured view of the results with features like Docs, Sheets, Slides and Forms. The workshop also aims to expose the educators and students to online learning through Google Learning Centre.

ABOUT JAIPUR

Jaipur, the pink city of Rajasthan is famous for its unique Architecture, Vastu, Astrology, Forts, Monuments, Palaces, Art and Crafts, Culture and food. Here tradition, antiquity and the old charm of the bygone era mingle seamlessly with modernity and technology. This fascinating city with its romantic charm of history and a touch of modernity is sure to mesmerize you. The Walled City of Jaipur has been recently recognized as the World Heritage City by UNESCO.

Workshop on Moodle Learning Management System

15 March 2019

A one day workshop was organized by IIS University, Jaipur, a Remote Centre of IIT Bombay outreach programme, in collaboration with IIT Bombay on the “Moodle Learning Management System” under the Train 10,000 Teachers (T10KT) programme, sponsored by the National Mission on Education through ICT (NMEICT), Ministry of Human Resource Development, Government of India to be held on Friday, 15 March 2019 from 9.30 AM to 6.00 PM. The workshop was conducted through a blended mode, using both live video conferencing facility (A-VIEW) and Hands-on sessions at the remote centre. **Prof. Kannan Moudgalya** was the main coordinator of the workshop. He is the principal investigator of PMMMNMTT and Spoken Tutorial Project. At IIS remote center workshop was coordinated by **Dr Amita Sharma** and **Mr Harvansh Singh**.

There were 40 teachers and system administrators (30 in-house and 10 outside) who attended the workshop. The technical sessions were conducted by the system administrators **Mr. Harvansh Singh**, who demonstrated the installation of Moodle on Ubuntu Linux using Virtual Box and **Dr. Amita Sharma** who provided an overview of Moodle Learning Management software and focused on self learning of the management of Moodle through spoken tutorials.

Moodle is a learning management system (LMS in short) which helps teachers and educators create online courses for more adaptive and customized learning. Developed in 2002, it is a free and open source software and is being used by many small and large institutions to create and deliver courses online to their students. It was concluded that Moodle supports many built-in features ranging from the basics such as file upload, assignments, quizzes, notifications and advanced features such as forums, quizzes, wiki, etc. It also has many easy-to-install plug-ins such as attendance, reminders, analytics etc. to supplement these features. The workshop proved to be very informative and it will certainly help in academic development.

Workshop on Koha and Library Automation

9 March 2019

A one day workshop was organized by IIS University, Jaipur, a Remote Centre of IIT Bombay outreach programme, in collaboration with IIT Bombay on the "Open Source Library Software Koha" under the project National Virtual Library of India which is an initiative of the Ministry of Culture, Government of India to be held on Saturday, 9 March 2019 from 9.30 AM to 6.00 PM.

The workshop was conducted through a blended mode, using both live video conferencing facility (A-VIEW) and Hands-on sessions at the remote centre.

There were 11 library professionals who attended the workshop. The technical sessions were conducted by the system administrators **Mr. Harvansh Singh**, who demonstrated the installation of Koha on windows and Ubuntu Linux using Virtual Box and **Dr. Sonal Jain** who provided an overview of Koha the library management software and focused on self learning of the management of Koha through spoken tutorials.

It was concluded that Koha supports all library housekeeping activities such as Acquisition, Cataloging, Circulation, Serial Control, Patron Management, and OPAC. It also supports Web 2.0 tools. Thus, Koha can be readily configured to the needs of each library and is updated with new features frequently. The workshop proved to be very informative and it will certainly help in academic development.

Workshop on Koha and Library Automation

12 October 2018

A one day workshop was organized by IIS University, Jaipur, a Remote Centre of IIT Bombay outreach programme, in collaboration with IIT Bombay on the "Open Source Library Software Koha" under the project National Virtual Library of India which is an initiative of the Ministry of Culture, Government of India to be held on **Friday, 12 October 2018 from 9.30 AM to 6.00 PM.**

The workshop was conducted through a blended mode, using both live video conferencing facility (A-VIEW) and Hands-on sessions at the remote centre.

There were 23 library professionals who attended the workshop. The technical sessions were conducted by the system administrators **Mr. Harvansh Singh**, who demonstrated the installation of Koha on windows and Ubuntu Linux using Virtual Box and **Dr. Sonal Jain** who provided an overview of Koha the library management software and focused on self learning of the management of Koha through spoken tutorials.

It was concluded that Koha supports all library housekeeping activities such as Acquisition, Cataloging, Circulation, Serial Control, Patron Management, and OPAC. It also supports Web 2.0 tools. Thus, Koha can be readily configured to the needs of each library and is updated with new features frequently. The workshop proved to be very informative and it will certainly help in academic development.

FDP101x: Foundation Programme in ICT for Education

Duration: 13 September-18 October 2018

IIS (deemed to be University), Jaipur has participated as a remote centre in Faculty Development Programme (FDP) conducted by IIT Bombay in a blended MOOC approach (Duration 13 Sept to 18 Oct 2018). This course was focused on developing awareness about both technology and effective practices of integrating technology in to teaching-learning. The major course objectives were to identify ICT tools for teaching-learning, bring awareness towards ethical practices for use in ICT education and best practices for information dissemination using ICT. The instructors were Prof. Deepak B. Phatak, Dr. Jayakrishnan M, Prof. Prabhakar T V and Dr. Sameer S Sahasrabudhe from IIT Bombay. Total 41 candidates were registered for FDP out of which 38 were faculty members of IIS (deemed to be University), Jaipur. The FDP was divided in to five weeks and participants were graded for knowledge quiz, assimilation quiz, reflection quiz released for each week. Grading was also given for resource creation assignment, lab activities followed by a summative assessment at the end of course. 39 participants enrolled in FDP successfully completed the course.

The key learning's were concept of Learner Centric MOOC model that included incorporation of different pedagogic adaptations like learning dialogues (LeD), learning by doing activity (LbD), reflection stops, learning extension resources, (LxT), learning experience interactions (LxI) and discussion forums in teaching learning. During the course, participants learned the use of wordpress, dropbox, googlecloud, screencast etc., to design resources and activities for teaching-learning in their own subjects. They were able to create their own website using wordpress. Screencast was used to prepare teaching material and upload the same on Moodle site. Week-wise course journal was also prepared and uploaded on wordpress site by each participant. The FDP also had AVIEW interaction session for lab assignment which was conducted on Sunday 7 Oct 2018 in the University campus from 9:30- 5:30. In this session, participants were assigned two lab assignments. They also interacted with participants of other remote centres via AVIEW software. The ICT tools learned in this FDP made participants technology friendly so that they can use them in their day to day teaching learning activities.

NOTICE

The University is organizing a two days workshop on Question Framing Techniques for the faculty members of Arts & Social Sciences. The objective of the workshop is to equip the faculty members with the latest and current techniques of evaluation so as to make learning a valued experience for the students. It also aims to enable the teachers to assess the level of competency of the students with a focus on application, analysis, synthesis and evaluation of knowledge and skills acquired by them. Following are the objectives and expected learning outcomes of the workshop:

- a) Participants will be familiarised with the essential attributes of good evaluation.
- b) They will be provided hands on training to assess different levels of learning outcomes.
- c) To discuss framing of unambiguous and error free questions.
- d) To analyze whether the questions are able to meet the objectives set in the syllabus.
- e) To assess whether the questions are well balanced in terms of time allotted and allocation of marks.

The Resource persons for the workshop are Prof. K. Sudha Rao, Former Vice Chancellor, Karnataka State Open University, Mysore & Prof. Vimala Veera Raghavan, Emeritus Professor (Psychology), Psychology SOSS, IGNOU, New Delhi who shall be delivering the Expert Lecture and conducting the workshop.

The exercise sessions will be conducted in groups (discipline-wise). Each group will consist of a group leader who will act as a facilitator. The group leader can be an Internal Senior faculty member or a Senior External Expert (to be finalized in consultation with the Dean, faculty of Arts & Social Sciences).

Following are the guidelines for the workshop:

1. The Heads should contact and invite the external expert in their subject approved by the Dean, Faculty of Arts & Social Sciences. It is advised that only a local external expert should be invited.

2. The university will bear the travel allowance and honorarium to be paid to the external expert as follows:

i) Honorarium - @ Rs. 1500/- per day.

ii) T.A. - @ Rs. 200/- per day.

It is compulsory for all faculty members of Arts & Social Sciences to attend the workshop.

At the outset, the dean, Prof. Pradeep Bhatnagar welcomed all the members of the BOS.

Prof. R. K. Bansal chaired the session. The syllabus for the MSc Chemistry is considered for discussion. Initially all the members discussed about the credit template, scheme of examinations, title of papers and practical papers. Suggestions made after the discussion are-

1. Change in the Credit template was proposed. It was suggested to keep the credits of all the semester almost equal. Respective modifications were suggested. Major change in the credit of the dissertation of MSc Sem IV i.e. reduced from 20 to 10.
2. A change in the scheme of the examination was proposed. It was suggested to merge Research methodology paper with Seminar CHY 227. Respective change in the scheme of examination of this paper was suggested.
3. Dr Tanmoy Chakraborty suggested incorporating Course out come and programme outcome. He also suggested to use the references in two sections- Text books and suggested readings.
4. In laboratory course, a new paper was proposed on laboratory safety for the 1st year students, to improve laboratory awareness. It was proposed to include it as compulsory paper. In laboratory course it was suggested to use micro kits. There are some suggestions for the shuffling of the content. Particularly for Seminar, it was suggested to use language laboratory for Seminar.
5. Some other suggestions are as follows-
 - It was suggested to introduce some new papers.
 - Modifications in the title of some papers were suggested.
 - It was suggested to remove green chemistry content from Environmental and green chemistry paper and the title of the paper was changed to Environmental chemistry.

There after all the members were dispersed in three groups- Inorganic, Organic and physical according to their respective fields. The discussion continued in groups on the next day. After lunch all the groups assembled and discussed the suggestions. The meeting ended with a vote of thanks.

Date: 5/05/2018 and 6/5/2018

Venue: Aditya Hall

Time: 10 A.M.

The Board of studies meeting, Department of Mathematics, was held on 26 February 2018. In this meeting the external members had suggested major changes in the Post Graduate (M.Sc Mathematics) for the forthcoming session 2018-19.

In view of the above, it is proposed that the Department organize a Curriculum development workshop to revise the curricula majorly. Following external members attended the workshop along with the internal faculty members.

S.No.	Name	Specialization
1.	Dr. K.N Singh, Retired Associate Professor, University of Rajasthan, Jaipur.	Pure Mathematics (Analysis etc.)
2.	Prof. Ranjan K. Mohanty, SAARC University, Delhi.	Applied Mathematics (Computational Dynamics, PDE etc.)
3.	Prof. P.R Sharma, Retired Professor, University of Rajasthan, Jaipur.	Applied Mathematics (Boundary Layer Theory etc.)
4.	Prof. S.P Goyal, Retired Professor, University of Rajasthan, Jaipur.	Special Functions, Differential Equations etc.

After the detailed discussion and modifications made in syllabi of UG, PG, M.Phil. and Ph.D courses it was decided to present the same in next Board of Studies meeting (session 2018-19) for the approval from the BOS members. The workshop ended with vote of thanks by Dr. Surendra Kumar Agarwal, Head department of Mathematics.

DEAR COLLEAGUES

It gives us immense pleasure to inform you that a National Seminar on Women's Employment, Entrepreneurship and Empowerment: Sustainable Pathways to Egalitarian Society' sponsored by ICSSR, New Delhi, is being organized by The Centre for Research, Innovation and Training (CRIT), The IIS University, Jaipur, on 30-31 January, 2017.

One of the most meaningful and famous quotes by the Former Prime Minister Smt. Indira Gandhi for Women Empowerment is "To be liberalized, women must be free to be themselves in the context of their capacity and personality. Any society cannot progress if half of its members, the women, do not have equal opportunities and their talents and capabilities are ignored." Women Empowerment is the process of challenging existing power relations and gaining control over resources in the society. Economic dependence of women is one of the major obstacles in the path of empowerment of women in contemporary Indian society. As per Census 2011, the workforce participation rate for females at the national level stands at 25.51% compared with 53.26% for males. In the rural sector, females have a workforce participation rate of 30.02% compared with 53.03% for males. In the urban sector, it is 15.44% for females and 53.76% for males (NSSO Report, 2013). This indicates that there is a marked difference in the work participation rates of males and females. As far as the work participation rate is concerned, the institutionalization of mother-housewife role is the primary reason for subordination of women in the occupational structure. Lack of mobility, invisibility and cultural taboos related to patriarchy are the other specific constraints faced by women. Moreover, women in India are not a homogenous group. There are urban, rural and tribal women. Each of these segments have different sets of structural and cultural problems. The status of rural and tribal women is lower than their urban counterparts, in terms of access to knowledge and resources. Women also tend to get displaced by new technologies and in this context skill development for employment and entrepreneurship assume key importance. The concept of women empowerment is rooted in the economic status of women. This status emerges with capacity building and skill development which promotes self-reliance. Women's participation in the work force is regarded as an index of empowerment. The changing economic and social conditions in the society due to forces of globalization present new challenges and opportunities for women, which have to be dealt with in a pragmatic manner. Entrepreneurship and employment are critical to enhance the status of women. The state interventions to redress the problem of gender imbalance and gender mainstreaming have to be coupled with coordinated and concrete efforts from all segments of society. It is imperative to understand the opportunities and challenges of women's employment and entrepreneurship in any evaluation of nature and pattern of social changes in the status of women in contemporary Indian society. The seminar has been planned to achieve the following objectives:

- To discuss the government policies and societal efforts to promote women entrepreneurship and employment.
- To explore the new avenues of employment of women in service sector.
- To explore sustainable pathways for development of egalitarian society.
- To address the social and economic issues pertaining to women empowerment.

This seminar will provide a forum for constructive dialogue, identification of opportunities available for women and integration of knowledge for empowering women.

SUB THEMES

- ☐ Gender Disparities in service sector.
- ☐ Policies for women's employment & entrepreneurship.
- ☐ Linkage between education, employment and entrepreneurship.
- ☐ Public and Private sector initiatives for empowerment of women.
- ☐ Sustainable Pathways for Women Empowerment.

ABOUT JAIPUR

Jaipur, the Pink City of India, is the starting point for the visitors of Rajasthan. The Capital of Rajasthan, Jaipur, casts an unusual spell on the traveler with its royal palaces, forts and monuments, revealing a historic past of chivalrous warriors, aristocratic royal ladies, art & craft, literature and science. Handicrafts like miniature paintings, textiles, blue pottery and jewellery make it a shopper's paradise as well.

ABOUT THE IIS UNIVERSITY

The IIS University is a deemed- to-be-a-university (placed in category A by MHRD, Government of India) under the section 3 of the UGC Act, 1956. With over 4800 students and 215 staff members, the University offers UG, PG and Doctoral programmes in Arts, Science, Commerce, Home Science, Management and Computer Science & IT. Established in 1995, as the International College for Girls, affiliated to the University of Rajasthan, the college has crossed significant milestones in its journey towards excellence in higher education. Besides receiving numerous other accolades, it has been accredited A+ by NAAC of UGC, recognized as a college with potential for Excellence (CPE) by the UGC and selected as a model college by the state government. In a national survey by AC-Nielson-ORGMARG in April -May 2010 for the India Today Magazine, ICG is rated as the top college in the state in Arts, Science and Commerce streams. Ranked among the top 30 institutions of the country in this survey, the college has become a symbol of quality education and women empowerment grooming the young girls into World Ready Women.

ABOUT THE WORKSHOP

In the present research scenario, Advanced Techniques have become an essential pre requisite to carry out quality research. Various such techniques are used in different fields of biology to solve particular environmental and biological problems. New applications of such techniques continue unabated in all spheres of life.

In this workshop, the participants will be familiar with the hands on practices of many basic as well as advanced techniques of cell culture handling, maintenance, preservation and their usage in various molecular biology aspects.

In this regard, the workshop will be helpful for the participants to learn various techniques associated with animal cell culture and molecular biology, including DNA & protein isolation, electrophoresis, PCR etc. Invited lectures from eminent scientists will further facilitate the understanding and learning.

OBJECTIVES OF THE WORKSHOP

The workshop will give an overview of molecular biology application in Biotechnology. It will also include hands on sessions on basic techniques used in molecular biology such as :

- ☐ Plasmid DNA Isolation ☐ PCR ☐ Gel Electrophoresis ☐ SDS PAGE
- ☐ Immunocytochemistry ☐ Advanced Cell Culture Techniques ☐ Cell Proliferation Assay

TARGET PARTICIPANTS

The proposed workshop is meant for Postgraduate students, Research scholars and faculty members of Bioscience.

DATES AND VENUE

Date 6-12 December, 2016

Venue The IIS University
SFS, Gurukul Marg, Mansarovar, Jaipur-20

HOW TO APPLY

The duly filled in registration form should reach the University reception, on or before 1 December, 2016. The registration form can be downloaded from our website: www.iisuniv.ac.in.

Selection : Selection will be based on first come first serve basis. Thirty participants will be selected.

Certificate : A Certificate for attending the workshop will be issued.

ABOUT THE WORKSHOP

Research Methodology is a way to systematically solve the research problem. A researcher must know the rationale for using specific methods or techniques and establish their relevance. Research Methodology is dynamic in nature and equips researchers with comprehensive outlook about the research. The workshop will impart the participants with knowledge of research methods, research process, use of research tools and techniques, writing and presentation skills. The Workshop also expects to prepare participants to approach research in a pragmatic way, reshaping the research question and the argument in context of engaging in empirical data collection. The workshop will primarily facilitate exchange of knowledge, experiences and best practices aimed at mitigating common pitfalls in research. By the end of the programme, the participants should be confident in using the right methods and tools to analyze data. They will also be able to better design their primary research studies as well as to quickly enter and analyze this information.

OBJECTIVES OF THE WORKSHOP

The primary objective of this workshop is to develop the research & analytical skills among PG students and researcher scholars of Science Faculty. Through the workshop, the participants will be able to have a better understanding of the following issues:

INTRODUCTION

Higher education in India is undergoing considerable change. With over 600 million people under 25 years of age, the system is under tremendous pressure to expand. Many trends are emerging in the key areas of higher education, research and innovation. The access to technology, social mobility of community, patterns of funding for the organizations in this sector, increasing significance of research and diversification of the education system, have acted as accelerators of transformation. Educational institutions and universities should respond to this paradigm shift and adapt to the growing appetite of young India towards higher education. Across the globe, the higher education sector is an important player in introducing innovative approaches along with sustaining the economic pressures of running a large institution controlled by external factors such as rankings, increasing competition for students, attracting intellectual faculty and confronting in-house pressures from the Boards. The seminar aims to bring together leading academic scientists, researchers and faculty members to share proven and innovative ideas, experiences and perspectives about transformation in higher education.

OBJECTIVES

The seminar looks forward to explore Trends, Research and Innovation in Higher Education with a focus on several interrelated questions, like:

- ☐ To promote effective instructional practices aimed at improving the quality of higher education
- ☐ To devise and develop strategies to retain high quality faculty
- ☐ To bring renewed awareness of the various aspects of governance and reforms in leadership structure
- ☐ To aim at the sustainability of corporate-academia partnerships in higher education
- ☐ To explore the infrastructural changes required in higher education
- ☐ To advance the innovative practices in research
- ☐ To discuss the role of funding agencies in expanding higher education
- ☐ To explore the future prospects in research and higher education

ABOUT THE IIS UNIVERSITY

The IIS University is a deemed- to-be-a-university (placed in category 1 by MHRD, Government of India) under the section 3 of the UGC Act, 1956. Established in 1995, as the International College for Girls, ICG was declared a deemed-to-be a- university by the Ministry of Human Resource Development(MHRD) in the year 2009 leading to the establishment of The IIS University. The new university took off with a commitment to promoting quality education, research and innovation. With over 5000 students and 215 staff members, the University offers a wide array of Semester-based undergraduate, postgraduate and research programmes which make for a robust academic environment. Apart from the regular courses of study, the University offers a wide range of career-oriented subjects like Tourism Business, Advertising & Brand Management, International Business, Human Resource Management, Visual Arts, Fashion Designing, to name a few. The University has also taken a lead in introducing courses aimed at developing skills and competencies which would further enable the students to keep pace with the present times. We believe in the three Es: Efficiency, Excellence and Effectiveness. The Review Committee constituted by the MHRD placed The IIS University among the first 38 'Deemed-to-be-Universities' under Category '1', according to the young, vibrant university the status it deserved.

Workshop On Teaching Methodology

5 August - 8 August, 2015

Organized by
**Centre for Research, Innovation and Training
&
Internal Quality Assurance Cell
The IIS University, Jaipur**

INTRODUCTION

Education is the vision of future. The current and impending social changes require radical educational responses. Teaching approach is shifting from teacher centered to learner centered approach. Therefore, the purpose of education is considered to be that of cultivating the spirit of innovation and creativity among students. The role of teachers has to be changed from that of an instructor to an agent of learning by enhancing their teaching competencies. This workshop will focus on new strategies for improving teaching and learning process.

OBJECTIVES

The workshop has been designed to achieve the following objectives:

1. To make the faculty participants familiar and friendly with the innovative tools of teaching and learning
2. To incorporate instructional designs to promote student engagement.
3. Strategies to be used inside and outside the classrooms for encouraging the culture of learning.

HIGHLIGHTS

1. Integrated sessions on innovative & learner centered teaching
2. Separate sessions on teaching methodology for Arts & Social Science, Science and Commerce & Management Faculty
3. Interaction with The Experts
4. Personalized doubt clearing

NOTICE

All HODs are required to organise a MOOC orientation programme in their department and promote enrolment of students in the different MOOC courses being offered through SWAYAM. Such students will have to enrol in the programme and register for the exam by making the requisite payment on their own. Through MOOCs the students can not only expand their knowledge at a university level but can also earn extra credits.

For all the courses, that have been integrated into the IIS University curriculum, the university will pay towards the examination registration fee of the enrolled students. All the students in such courses are required to register and opt for the option of payment through SPOC.

A list of all the MOOCs courses that have been integrated into IIS University curriculum structure, along with the names of respective departments is attached herewith for your information.

The faculty members, who have also enrolled for the different MOOC programme and plan to register for the proctored exam, are required to do so directly after taking permission from the Vice Chancellor. In case faculty members have opted for payment of fee through SPOC, please deposit the requisite amount with Roshan at the reception so that it may be included in the total fee being sent to NPTEL.

Please ensure that all enrolments of students and faculty in the MOOCs courses are done through SPOC only.

The link for the timelines and guidelines is given hereunder:
