Title of the event: Bridging the Gender Gap in Finance

Type of Event: Workshop

Date: 5 July 2023

Target Group: Faculty Members
Name of the activity Coordinator: Prof. Rimika Singhvi
Resource Person: Ms. Nidhi Sachdeva, Head, Sales & Distribution, Salt
No. of Beneficiaries: 78

Objective of the Extension Activity
- To enhance the financial knowledge of participants
- To apprise the participants about wealth management

Summary

A workshop was organized by the Faculty Development Committee, IIS (Deemed to be University), Jaipur on the theme, "Bridging the Gender Gap in Finance" by the FDP committee on 5 March 2023. The curated workshop was preceded by Money Personality Test for exploring the unique money mind set of individuals. The Resource Person was Ms. Nidhi Sachdeva from SALT. She was accompanied by Ms. Preksha from SALT. She explained the basic concepts of money management and opined that financial management is a series of cumulative life experiences. She busted several myths about money and stated that 72 percent Indians are unaware about how to put aside money for financial freedom. She shared the financial wellness checklist with the participants and threw light on broad ideas of investible surplus, savings and investments. She also discussed about investment in gold, real estate, equity insurance and offshore investment. Gold and fixed deposits are safe investments but the rewards are less. She also explained about large, mid and small cap and stressed that there should be some planning to beat inflation. Investment should be planned in different assests. She encouraged the participants to take calculated risks because the return potential is more. The participants enthusiastically participated and raised several queries about financial management. The participants were also familiarized SALT's proprietary tools to enable them to create a personalized financial plan.

Outcome

The workshop enhanced the financial literacy of the participants so as to bridge the gap between life of dreams and current money habits. The participants also

learnt how to analyse their portfolio and plan for wealth management according to their needs and desires.

- To familiarize the participants with contemporary student engagement strategies

Summary

A Faculty Enrichment Session was organized by the Faculty Development Committee, IIS (Deemed to be University), Jaipur on the theme, "Student Engagement and Enrichment Strategies" on 8 July 2023. The resource person for the session was Mr. Sandeep Menghani, Management Professional. He discussed student engagement strategies so that all kinds of students are engaged in the teaching learning process as some are visual learners, some are auditory learners and some are kinestics. He stated that role of a teacher is more of a facilitator. The teachers should share their life experiences with students to encourage them and enrich their academic journey. The session revolved around various psychological theories that explain human behavior. The speaker emphasized the importance of creating a safe space for students within the educational environment. He highlighted the need for teachers to acquire knowledge and skills in operating artificial intelligence (AI) systems and utilizing prompts effectively. This was identified as a crucial requirement in the current era. He also emphasized the significance of working on one's own attitude and personality as educators. The teachers were encouraged to prioritize their mental, physical, emotional, and spiritual well-being. This included engaging in activities such as exercise, meditation, and staying updated with the latest news. He suggested replacing obsolete textbooks with contemporary and relevant information to enhance the learning experience of the students. Additionally, various activities were organized as icebreakers to foster rapport and empathy among the teachers. The participants were asked to

fill Circle of Influence worksheet and Self- Evaluation Checklist. The program celebrated teachers' achievements and provided a platform for them to share their victories. Finally, self-assessment was conducted by the teachers to gain insights into their current standing and establish their future goals. This enabled them to gauge their progress and identify areas for improvement.

Outcome

The enrichment session equipped the teachers with psychological knowledge, create a nurturing learning environment, with particular emphasize on the importance of AI integration, promotion of personal growth, and fostering a supportive community among educators.

Under National Mission on Education through ICT
Funded by the Ministry of Human Resources Development
Government of India

ABOUT FDPs

The FDP Committee, in collaboration with the Departments of Computer Science & IT and Mathematics, is announcing two parallel self-paced Faculty Development Programmes on **Joomla** and **LaTeX,** in association with Spoken Tutorial Project, IIT Bombay.

Joomla is a popular Content Management System (CMS) which is a free, Libre and open source software. It is used to manage the content of a website. It lets you create, edit, modify and remove content from a website without knowing programming skills. It is used by many corporates, educational institutes and e-commerce companies to create and maintain their website.

LaTeX is a document preparation system for high-quality typesetting. Often used for technical or scientific documents, it can be used for almost any form of publishing letter, report, textbook etc. It lets authors get with writing documents without being bothered about document design.

ABOUT THE UNIVERSITY

IIS (deemed to be University), Jaipur is among the pioneers in Rajasthan in imparting high-quality education to women in different streams. It is known for excellence in delivering value-based education to students and encourages them to think innovatively in different walks of life. It particularly focuses on preparing students to become world ready citizens, who are abreast to take any professional and social challenges with an educated and empowered mind. With over 5500 students, the University offers UG, PG and Doctoral programmes in Arts, Science, Social Sciences, Commerce, Management, Computer Science & IT.

ABOUT SPOKEN TUTORIAL PROJECT

The Spoken Tutorial (ST) project is being developed at IIT Bombay under the National Mission on Education through Information and Communication Technology, launched by MHRD, Government of India. The Spoken Tutorial Project is about teaching and learning a particular FOSS (Free and Open Source Software) via an easy Video tool Spoken Tutorials Google award winning MOOC.

- Self explanatory uses simple language
- Audio video uses multisensory approach, small duration for better retention
- Learner centered learn at your own pace
- Learning by doing learn and practice simultaneously.

OBJECTIVES OF FDPs

- The goal of the **FDP on Joomla** is to give participants the skills and knowledge necessary to build and manage customized e-commerce websites and blogs easily and effortlessly. The focus is to learn a wide range of features to meet the needs of both small and large websites.

- The objective of the **FDP on LaTeX** is to make the participants more efficient and effective at writing research papers and getting them published in quality, high-impact journals. It will focus on developing both theoretical foundation and practical execution.

MODE OF CONDUCTION

1. The Inaugural session will be conducted in the hybrid mode. A Meeting-link will be sent to the registered participants who wish to join online.

2. After registration, the participants will receive access to download the CD content option for the registered course. The participants are required to complete all the assignments as part of the programme.

3. A Troubleshooting session from an Expert will be conducted in the online mode to address queries.

CERTIFICATES

Participation certificates will be given on submission of assignments.

FDP completion certificates will also be given to the participants on passing an online MCQ-based test, to be held on 8 August 2023 (tentative).

Objective of the workshop/ seminar/activity: To make the new faculty members aware about the various aspects of teaching-learning, research, publications and the systems and operations of IIS (deemed to be University).

Summary / Description

The University organized a 2-week Faculty Induction Programme, planned from 1-14 Aug.'23 for the newly appointed faculty members. The FIP began an inaugural session on Aug 1, 2023, wherein the University's management, i.e. the Chancellor & the Vice-Chancellor formally welcomed the new faculty members to the University. Both spoke about the duties and responsibilities of a teacher in an institution of higher education and also emphasised the need for continuous professional development, all the while striving to align themselves with the institution's vision and mission.

The FIP focused on key themes concerning higher education. Sessions were conducted on topics like Curriculum Development, LOCF, evolving Teaching-Learning Pedagogies, Blending technology in classrooms, Research Ethics and the important operations and systems at IIS (deemed to be University).

Day 1(Aug 1): A two-week Faculty Induction Programme - *Guru Dakshta* - organized by the FDP Committee of the University for its newly-appointed faculty members, commenced with an inaugural ceremony on 1 August 2023. In line with the UGC's mandate for the induction and continuous development of the new appointees, the programme has been conceptualised

to help them improve their teaching and classroom management skills, adjust to the culture of the University, as well as better understand their professional duties and responsibilities.

Hon'ble Chancellor, Dr Ashok Gupta, delivered the Welcome Address after which Hon'ble Vice Chancellor, Prof TN Mathur spelt out the aims and objectives of the programme. Both stressed the need for new teachers to go through rigorous preparation and make good use of opportunities for continuous professional development along with academic and administrative support.

Thereafter, the first **Session of the day entitled "Curricular Framework and Choice-based Credit System"** was delivered by Dr. Shilpi Rijhwani, Professor of Botany and Director, School of Life Sciences. Dr Rijhwani has been closely involved in developing a broad curricular outline for the University, keeping in mind the NEP guidelines for implementing a Choice-based Credit System (CBCS) within a Credit-based structure. She spoke at length about the various salient features of the CBCS and the sea-changes that have started to be made in its wake.

It was an interactive session wherein a lot of ground was covered pertaining to the students' freedom to choose courses from the prescribed ones comprising core, elective/ minor, skill-based and ability-enhancement ones too. Dr. Rijhwani closed by sharing that these would be evaluated following the grading system, which is considered to be better than the conventional marks system.

Day 2(Aug 2): Prof. Ila Joshi deliberated on the topic 'Teaching and Learning- Broad Overview'. Her session highlighted the implementation of an outcome-based approach to curriculum planning and its attainment. Prof Joshi demonstrated framing of CO, PO, PSO and mapping between COs with POs.

Day 3(Aug 3): Session on **'Methods and Techniques of Teaching' was taken by Dr Sreemoyee Chatterjee, IIS (Deemed to be University).** Dr Chatterjee focused on methods and techniques of teaching. She talked about the importance of shifting from teacher-centric teaching to learner-centric teaching methods and the integration of digital tools in education to make teaching easier and more effective.

Day 4(Aug 4): The session on **'Technology for Teaching'** by **DrDevershiPallavi Bhatt, Manipal University, Jaipur** focuses on Blended Learning. Dr Bhatt spoke on the various facets of blended learning and its logical progression given the accessibility of eLearning and online resources as well as the ongoing demand for a human element in the learning process. The speaker suggested that a blended learning strategy should be incorporated to engage the student in his or her learning process.

Day 5 (Aug 5) - In the session on 'Examinations at IISU', **Prof. Nisha Yadav, Controller of Examination, IIS(Deemed to be University) a**cquainted the participants with different parameters relating to examination and evaluation patterns followed at IIS (deemed to be University), Jaipur. Prof. Yadav elaborated on all the components of internal and external assessments undertaken at the University.

Day 6 (Aug 6)– Material Sharing

Day 7(Aug 7): The session on **'Understanding and Mentoring students' by DrHimanginiRathoreHooja, IIS (deemed to be University),** witnessed a discussion about the Mentor-MenteeProgramme at the IISU. DrHooja explicitly highlighted the expectations from the system like motivation, career guidance, providing timely and constructive feedback and professional development. The session strived to make participants familiar with Personal-emotional development with students.

Day 8(Aug 10):The first session was taken up by **Dr Anju Singh, Senior Assistant Professor, Department of Financial Studies, IIS (deemed to be University), Jaipur.**Dr. Anju talked about benefits of Internalization for India and recent policy initiative by Government of India. She has also discussed about improvement of the global ranking can be attained by utilizing the global resources. She has also elucidated on Internationalization of Higher Education as part of NEP 2020 and has shared the guidelines given by University Grant Commission within the framework of National Education Policy, 2020. She has also shared with us about the initiatives taken by our University i.e. IIS TIE and Tuning RISHII.

The second session of the day was conducted by **DrSonal Jain, Head, Department of Library and Information Sciences, IIS (deemed to be University), Jaipur.** She has acquainted the audience with the various sections of the central library and also the types of books/ Journals/ Magazines, etc and e-resources at University like INFLIBNET, JSTOR, National Digital Library, EBSCO-Corporate Resource Net, DELNET, Proquest, Prowess, Economic Outlook, EPWRF India Time Series, Directory of Open access Journals, NISCAIR Online Periodical Repository, NPTEL resources and Shodhganga. She shared the innovative practices of the University – Compendium, which covers the latest contest pages of the Journals & latest articles. Towards the end, DrSonal has also guided the faculty members to access the electronic databases and the way they can get themselves registered at the VIDWAN portal.

Day 9 (Aug 12):A session was conducted **on "Strategic Planning and Management at IISU' by Prof. K.S. Sharma, Advisor, IISU.** In this session, Prof. Sharma discussed the importance of strategic planning. He provided a comprehensive overview of the responsibilities that university teachers hold, followed by underlining the significance of integrating ICT (Information and Communication Technology) tools into teaching practices. He further explained the multifaceted role that teachers undertake, encompassing mentorship

and active involvement in various committees. Prof, Sharma acquainted the participants with extension activities and the committees that are doing these activities at the university.

The second session of the day was **Dr. PayalChaturvedi, Coordinator, IQAC.** She explained the role and responsibility of **Internal Quality Assurance Cell (IQAC).**Additionally, she provided a concise overview of the accreditation entity, NAAC (National Assessment and Accreditation Council), which conducts evaluations of educational institutions according to a set of seven criteria. Notably, she placed a significant emphasis on the pivotal role played by teachers in addressing the seven criteria utilized for Institutional Evaluation by NAAC.

Day 10(Aug 10) The first session of the day was focused on the intricate aspects **of systems and operations** within IIS (Deemed to be University) Jaipur. The resource person for the Session was **Prof. SharadRathore, Professor & Head, Department of History, IIS (deemed to be University),**Jaipur. The session revolved around the salient features of deemed universities, the pattern of courses, the credit system, and the underlying course structureat the university. Prof. Rathore emphasized the autonomy granted to these universities by the University Grants Commission (UGC) of India, which allows them to design and implement their academic programs and curriculumto respond more dynamically to emerging trends in various fields. She also elucidated the credit system and highlighted the the adoption of CBCS pattern at the undergraduate level for all the courses by the University. The second session of the day wascentred around the comprehensive **Support Initiatives** within the IIS (Deemed to be University) Jaipur. The speaker for this session was **Prof. Raakhi Gupta, Registrar, IIS (Deemed to be University) Jaipur and Dr. Shelja K. Jueneja, Professor, Dept. of Environmental Science**also accompanied her for the conduction of some activities for the participants. The discussion in this session was aimed at highlighting the critical role of teachers, as well as the mechanisms and support initiatives in place to enhance the academic, research, holistic development, and financial aspects for both students and staff members.Prof. Gupta began the talk by emphasizing the pivotal role of teachers in shaping the educational journey of students. She delved into the University mechanisms and diverse range of support initiatives available at the University for staff and students that can be classified broadly into three categories viz. Academic and Research, Holistic development, and Financial and other supports. The speakers also highlighted the research initiatives, highlighting the university's research policy and fellowships, R&D Labs, Research Development Centre (RDC), etc. She also elaborated on consultancy policies, along with the presence of ethical committees for both animal and human research. Additionally, she mentioned the university's support for research publication, which includes in-house journal publications.She elaborated on guilds, societies, clubs, and associations that cater to a wide range of interests, fostering extracurricular engagement. Moreover, she highlighted the role of centre and national forums, as well as cells like Training and Placement and the Internal Quality Assurance Cell (IQAC) in enhancing students' overall growth. The speaker also pointed out the significance of international and other memberships within the university, promoting global exposure.Prof. Gupta outlined various financial schemes

available to students, including support for the alumni network, endowment awards for meritorious students, financial support for research work, etc. She also highlighted the university's commitment to the well-being of its students and faculty members by providing accidental insurance coverage and financial assistance in cases of severe disease or ailment.

Day 11 (Aug 11)The session for the day was taken by **Dr. Roopam Kothari, Associate Professor from the Department of Management Studies,**on **Consultancy and Incubation**. <u>**Overall Feedback Report**</u>

Title of the event : "Guru Dakshta"- Faculty Induction Program

Type of Event : Faculty Induction Program

**Date :** 1ˢᵗ August 2023 to 14ᵗʰ August 2023

Venue : IIS (deemed to be University), Jaipur

Q1. Please rate your knowledge-level with respect to the topics covered in the Faculty Induction Programme **before** attending the Programme.

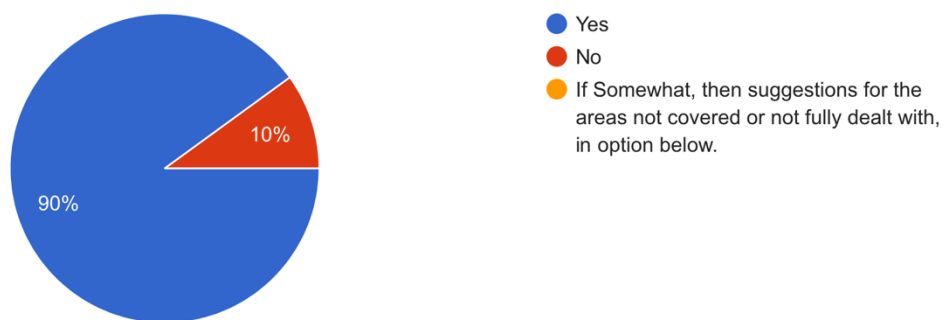

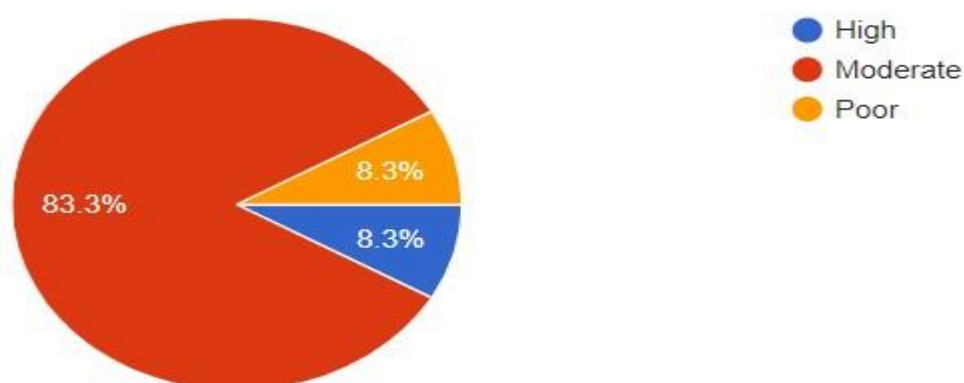

83.3 % of participants reported that their knowledge-level with respect to the topics covered in the Faculty Induction Programmebefore attending the session was moderate and 8.3 % reported that their knowledge-level with respect to the topics covered in the Faculty Induction Programme was poor before attending the session.

Q2. Please rate your knowledge-level with respect to the topics covered in the Programme **after** attending the Programme.
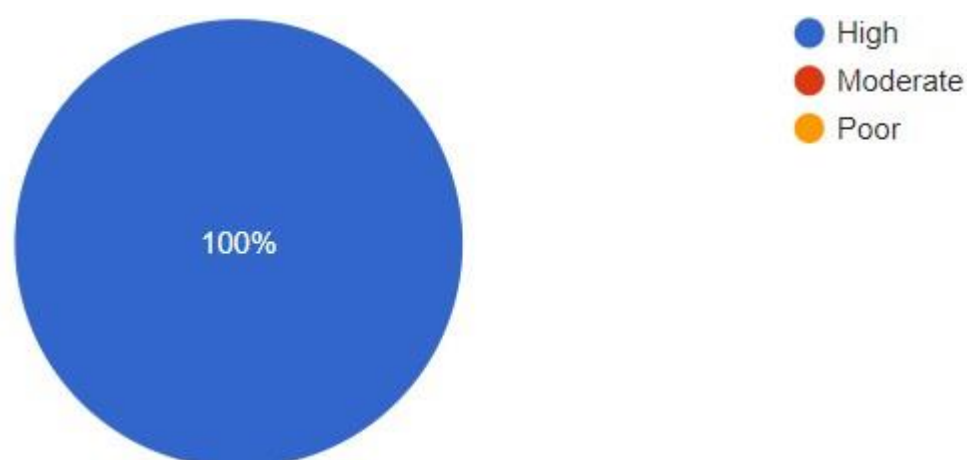

All the participants (100%) rated their knowledge level as high on the topics covered in the faculty Induction Progremme after attending the session.

Q3. Do you feel better-equipped for the teaching -learning process after attending this Programme?
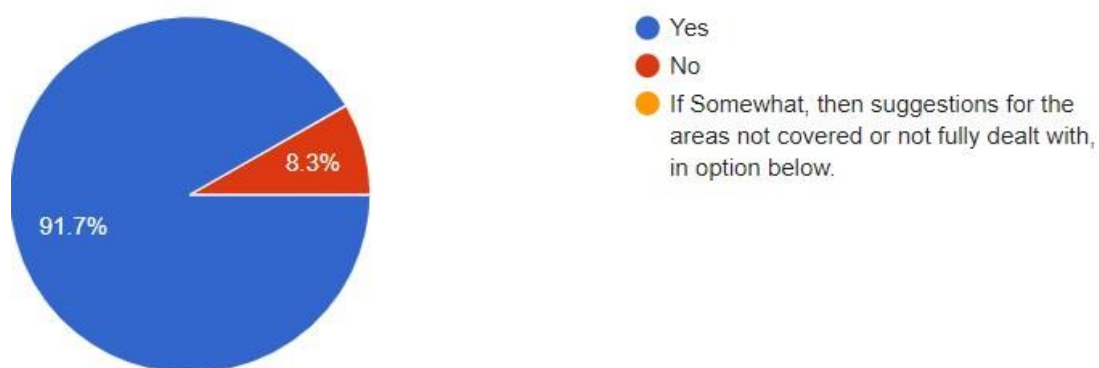

91.7% of the participants feel better-equipped for the teaching -learning process after attending the Faculty Induction Programme.

Q4. Kindly rate the Programme on the following parameters-

(Most useful   5   4   3   2   1   Least useful)

Parameters	5	4	3	2	1
Content delivered	91.7%	8.3%			
Choice & Effectiveness of the Speakers	100 %				
Participant- involvement & Query-handling	100 %				
Overall usefulness	100 %				

91.7% of participants evaluated the programme as most useful in terms of content delivered followed by 8.3% participants reporting the programme to be useful. Choice & Effectiveness of the Speakers participants involvement and the way of query handling was rated most useful by all the participants. On overall usefulness parameter , all the participants rated the programme as most useful.

Q5. Kindly explain how you would implement some of the key learnings of this Programme in your teaching assignment and research-related initiatives.

The program has provided valuable insights for enhancing teaching and research practices. The commitment to adhering to NEP 2020's values and policies stands out, with a focus on disciplined teaching and research, encouraging library and research facility use, and fostering lifelong learning. Incorporating Bloom's taxonomy, CO & PO understanding, and research-oriented development showcases a comprehensive approach to education. Embracing ICT tools like Kahoot, Quizziz, and Mentimeter promises enriched learning experiences. Furthermore, leveraging e-library resources, research publications, and student projects underscores a holistic and well-informed approach. The intent to utilize committees, IQAC Cell, and video-making units reflects a proactive engagement with institutional resources. Overall, a determined commitment to implement all learned concepts is evident, promising positive transformations in teaching and research endeavors.

6. Any qualitative suggestions for future ?

The program received positive feedback with no qualitative suggestions. However, considering scheduling FIP in the morning, involving external resource persons (e.g., positive psychology expert), and adding an ice breaker session post-inauguration for a smoother transition were suggested. Participants appreciated the well-conducted sessions. Some mentioned avoiding clashes with regular classes by aligning FIP during semester breaks. Overall, participants seem contented with the program's structure and content.

7. What is your opinion regarding conduction of such Induction Programme on a regular basis?

Opinions about conducting such an Induction Programme on a regular basis are largely positive. Participants find it illuminating, enriching, and helpful for updating knowledge about institutional functions and commitments. Some suggest conducting sessions for 2-3 hours monthly, focusing on educational updates and new techniques. While some participants mention timing concerns, most emphasize the need for regularity to enhance teaching, learning skills, and research competencies. The well-organized and engaging nature of the program contributes to its success, with many expressing a desire for its continuation in the future.

Title of the event: AI for Daily Usages

Type of Event: FDP

Date: 13 January 2024

Target Group: Faculty Members

Name of the activity Coordinator: Dr. Neha Tiwari

Resource Person: Dr.Rekha Jain, Manipal University

And Dr. Satyendra Singh Chouhan, MNIT

No. of Beneficiaries: 139

Objectives of the Extension Activity

- To spread the fundamental knowledge of AI and its usage in daily life
- To acquaint the participants with Generative AI and its implementations

Summary

A day long FDP on the theme, "AI for Daily Usages" was organized by the School of CS & IT and Faculty Development Committee of IIS (Deemed to be University), Jaipur on 13 January 2024. The FDP had two different sessions from separate experts. Session one was taken by Dr.Rekha Jain who presented her talk on "AI for Everyone". She explained the meaning of Artificial Intelligence and discussed about the branches of AI and its applications. She elaborated on Machine Learning which allows the machine to learn by itself and take decisions thereby increasing its efficiency and improve its performance. Dr.Rekha also explained the concept of Deep Learning which makes computations of multi-layered neural networks. Applications of AI in daily life includes robotics, speech to text, smart cities, Internet of Things (IoT), medical diagnosis, stock market trading, online fraud detection and lot more. She stated that job opportunities are available in finance, health care, retail, energy and almost every sector.

Dr.Satyendra Chauhan delivered his talk during the second session on, "Introduction to GenerativeAI". He stated that Generative AI generates some new images, text, clone audio etc., from the already existing or non-existing contents. Dr. Chauhan also explained the process of generative modelling that can be used in education for personalized learning, grading and assessment. He drew comparison between AI and traditional Machine

Learning. He also discussed about fully visible belief network and Generative Adversarial Network (GAN). Ethical principles in generative AI like transparency, fairness, privacy concerns and security were also highlighted.

Outcome

The FDP helped the target group in understanding the core concepts of most in-demand technology, that is, "Artificial Intelligence" and its sub components. Participants across the domains came to know about the applications of AI in daily life and how it is going to impact the future of everyone.

## **Feedback Report on FDP on AI for daily Usage**

Analysis of Feedback

7. Please rate your knowledge-level with respect to the topics covered in today's session of FacultyDevelopment Programme before attending the session.
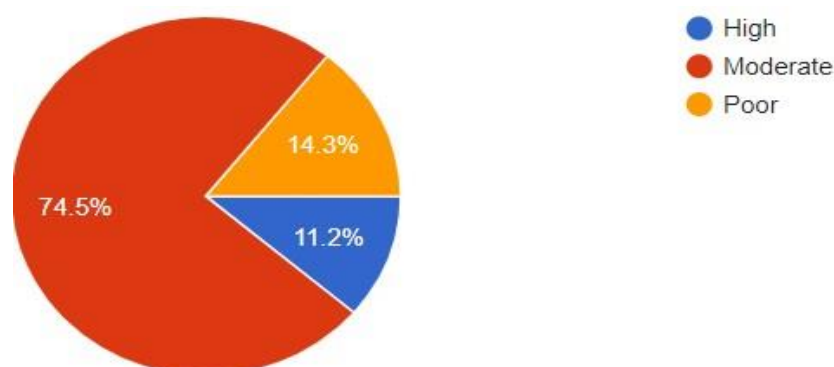

74.5% of participants reported that their knowledge-level with respect to the topics covered in the session before attending the session was moderate and 14.3% reported that their knowledge-level with respect to the topics covered in the session of Faculty Development Programme was poor before attending the session.

8. Please rate your knowledge-level with respect to the topics covered in Faculty Development Programme after attending the session.
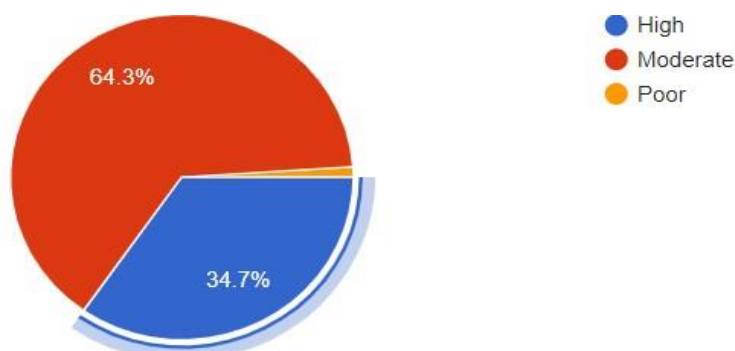

34.7% of participants reported that their knowledge-level with respect to the topicscovered in the session after attending the session was high and 64.3% reported

that their knowledge-level with respect to the topics covered in the session of Faculty Development Programme was moderate after attending the session.

9. Kindly rate session I on the following parameters-
(Most useful   5   4   3   2   1   Least useful)

Parameters	5	4	3	2	1
Content delivered	14.2%	31.6%	33.7%	12.2%	8.1%
Choice & Effectiveness of the Speakers	13.2%	36.7%	27.5%	13.2%	9.1%
Participant- involvement & Query-handling	12.2 %	33.7%	31.6%	14.3%	8.1%

The majority of participants found the content to be either very useful or useful, with a combined percentage of 79.5%. This indicates a general positive response to the content delivered in Session I.It seems like there is a positive trend in participants finding the content valuable, with a lower percentage in the "Least Useful" category.In summary, the analysis suggests that the content delivered in Session I was well-received, with a significant portion of participants finding it either very useful or useful. The majority of participants had a positive perception of the choice and effectiveness of the speakers, with nearly half providing excellent or very good ratings. However, there is a notable portion that expressed a more neutral stance, and a smaller percentage had less positive feedback. This analysis indicates an overall positive but varied response to the speakers in Session I.A significant portion of participants had positive experiences with participant involvement and query-handling, the presence of a relatively high neutral response suggests a diversity of opinions or experiences within the audience.

10. Kindly rate session II on the following parameters-
(Most useful   5   4   3   2   1 Least useful)

Parameters	5	4	3	2	1
Content delivered	28.6%	44.9%	14.3%	11.2%	1.0%
Choice & Effectiveness of the Speakers	28.6%	46%	15.3%	8.1%	2.0%
Participant- involvement & Query-handling	28.6 %	43.9%	15.3%	9.1%	3.0%

The data indicates a highly positive response to the content delivered in Session II. A substantial majority of participants (73.5%) rated the content as either most useful or very useful. This analysis suggests that the participants found the content to be valuable and effective, with a large proportion expressing high levels of satisfaction with the material presented in Session II. The majority of participants, 74.6%, rated the choice and effectiveness of the speakers as either most useful or useful.The majority of participants had a positive experience regarding participant involvement and query-handling in Session II, with a smaller proportion having more neutral or less positive views.

Q5. Any qualitative suggestions –

Participants appreciated the theme of session and demanded for hands on training on AI tools which could be used in daily life.

Following are the observation of respondents -

- The sessions were informative, but a more hands-on approach, focusing on integrating AI platforms into existing technologies, would have provided practical insights for daily usage. I suggest future sessions incorporate interactive demonstrations for a more effective learning experience.
- Next FDP can be planned related to AI tools.

- The content could have been more based upon effective and efficient tools in everyday life rather than theoretical and procedural aspect of AI and Machine learning.
- Hands on training on such aspects should be given.
- The session was more oriented towards Computer Science students. Hands on towards AI usage was expected.
- They should suggest some tools that can help in using AI more effectively.
